Multi-Touch
interactive whiteboard 78" 89"

FT BOARD

The DTO-i series interactive whiteboard enables two users write and draw simultaneously. Truly dual touch, requires no separate multiuser mode setting. Users can write, draw and move objects with a finger. Connects Dual Touch eBoard to a PC via standard USB port, just plug-n-play, makes the lecture more interactively and enhances the efficiency of conference and seminar.

DTO-i supports multiuser writing and common multi touch gestures currently recognized in Microsoft Windows-7.

Key features:

- True Multi-Touch (allow 2 users writing simultaneously)
- No Driver Install for 32bit/ 64bit Windows-7, Vista, XP, Linux, Mac
- Multi-Touch Gestures Recognition
- Plug-and-play
- Low-gloss surface that is optimized for projection
- Surface compatible with dry-erase markers and is easily cleaned
- No hot spot, keeps the eyes of students and teachers safe
- OS support : XP, Vista, Win-7, Linux, MAC
Microsoft office Annotations Tools
